

# How to Receive Reimbursement for Your Fitness Device

HealthTrust wants to help you get moving! Beginning in 2017, medically covered enrollees, retirees and spouses\* can receive up to \$100 per year reimbursement toward the cost of a fitness device through the Slice of Life Health Awareness Program (HAP). Here's how to get your reimbursement.

- **Complete your 2017 Health Assessment (HA)** if you haven't already. You cannot receive your HAP reimbursement unless you complete the HA prior to or within the same quarter as connecting your device.
- **Purchase your fitness device 1/1/17 or later.** See the list on the back of this flyer to be sure the device you are considering qualifies for a reimbursement.
- **Connect your device to your Onlife Health account within 2 calendar months of purchase.**  
To connect your device:

STEP 1	STEP 2	STEP 3	STEP 4	STEP 5	STEP 6
<p><b>Log in to your secure account</b> at <a href="http://www.healthtrustnh.org">www.healthtrustnh.org</a> and click the "Onlife Health" button.</p>  	<p><b>Click "Add/Remove"</b> under "Connected Devices and Apps."</p>	<p><b>Click "Get Started"</b> under "Got A Device?" If this is your first time connecting, you will see a video that provides additional details.</p>	<p><b>Read the Terms &amp; Conditions</b> and click "I Accept" to continue.</p>	<p><b>Continue to the "Browse and Connect Apps" page.</b> Find your device or app and click "Connect," then follow the prompts.</p>	<p><b>Look for "Connected."</b> You will know you have successfully connected your device when you see "Connected" on the icon for your device and your activity appears on the "My Fitness" page.</p>

- **Submit the Health Awareness Program Reimbursement Request Form 2017**, available at [www.healthtrustnh.org](http://www.healthtrustnh.org). (Click the "Forms and Documents" link.) Be sure to include your receipt for your fitness device purchase, and follow the directions on the form carefully to submit it.

**Earn Points, Too!** You can also earn points toward cash rewards through the Slice of Life Points Program by connecting your fitness device. Earn 100 points once a year for connecting your mobile fitness device to your Onlife Health account. After your device is connected, your activity will be tracked automatically and you will earn 5 points for every 10,000 steps you take or every 30 minutes of activity you do, up to 65 times/quarter for a total of up to 325 points/quarter or 1300 points/year.

*\*Please note:* Covered dependents under age 26 are not eligible to receive reimbursement for fitness devices through the HAP. They can each earn up to \$200 for eligible health and fitness classes, once the enrollee parent completes the 2017 HA.

*See reverse side for a list of eligible devices.*

# Examples of Eligible Fitness Devices
